Kid Works Puppet Theater

Puppet Adoption Information

The Kids Works Adopt-A-Puppet program provides a unique opportunity for local businesses and individuals to contribute to the education of area children about important social and safety issues. The cost of adoption for one year is \$1500, and is tax deductible. As a Kids Works adoptive parent, your contribution provides the following:

Parents for one Kids Works "Kid" for one year

You or your group will become the adoptive parents of the available puppet of your choice from the Kids Works family for one year. This means that you will become part of an elite group of contributors supporting public awareness in the community. You will receive letters from your "kid" letting you know what he or she has been doing throughout the year. On occasion, your puppet will visit or provide a special performance for you or your group, at the location of your choice. Public recognition will be given whenever possible through our agency.

Insurance

Each puppet must be insured by Kids Works in event that the puppet is damaged or in an accident. Other insurance is also required. Your donation will help to defray this large expense.

Ability to reach more area children

Your donation will subsidize the cost of the Kids Works program to the public. It is through donations from the public that Kids Works can provide their services at a minimal cost to schools and other groups. Your donation will help to keep these costs down, and allow more children to hear the important information our "kids" have to offer.

Materials for classroom use

Following each performance, materials for follow-up activities are distributed at the school for each classroom. These materials are intended to reinforce the information given in the program. Your donation would contribute to the cost of printing and preparation.

Repair or replacement of puppets

Despite our best efforts, there are clothing, cleaning, and repair costs each year because of the high usage of the puppets. The average puppet lives with our family for about five years. Your donation will provide proper care of the puppet, as well as the cost of school clothing, and replacement when absolutely necessary.

Adoptive "family member" plans are also available! Be a member of the Kids Works Family!

Friend	Cousin	Aunt/Uncle	Care Giver	Guardian	Bro/Sis	Grandparent	Parent
\$10	\$25	\$50	\$100	\$250	\$500	\$1000	\$1500

Additional information is available for adoption at 209-579-9115 x19.
